This AI Design Lab is for you if...

✓ You sell (or want to sell) **PNGs, tumbler wraps, or other digital designs** on Etsy.

✓ You've tried AI... but your designs either **look "off"** or sit there with **0 sales**.

✓ You're tired of guessing what to design and want a **demand-first system** you can follow every week.

✓ You want AI to **speed up what already works on Etsy** — not replace your eye for quality.

I made something for you.

A simple checklist to help you write
money-making AI prompts the right way.

The Profit Prompt Checklist

The 7 Checks Before You Hit "Generate"

1 **Who is this for?**
Exact buyer identity (e.g. hunting dad, ADHD teacher, coquette bride).

2 **What are they typing into Etsy?**
Your main keyword phrase based on real search demand.

3 **What bestseller are you using as your reference?**
Screenshot of a proven listing you're improving on — not copying.

4 **What product is this for?**
PNG, tumbler wrap, wall art, sticker, etc. (so composition actually fits).

5 **What style is selling right now in this niche?**
Western, coquette, watercolor, retro, Y2K, etc.

6 **What quote or phrase makes them say "That's me"?**
A buyer-identity line pulled from your research or ChatGPT.

7 **What quality rules are non-negotiable in the prompt?**
Transparent background, clean edges, no weird anatomy, 4K/300 DPI where possible.
